

# Vanity Face Designs April/May 2018 Specials

## Signature Oxygen Rx Facial treatment

This amazing facial replenishes oxygen levels in the skin which help smooth fine lines and wrinkles. Skin is left glowing, dewy and calm. The treatment detoxifies the skin, increases cell turnover, increase collagen production, stimulates growth factors and stem cells. The treatment is anti-inflammatory and antibacterial which makes it great for all skin types and skin conditions. It is the best treatment for acne and rosacea skin conditions. You will see instant results after just one session.
